For the Week of July 15, 2013

Graduate School News and Events

Graduate School Welcome: August 19

The Graduate School Welcome will be held on Monday, Aug. 19 from 8:45 am-Noon, in the Ohio Union. All new Biomedical Sciences students are encouraged to attend. An RSVP requested but not required. Read more here.

Council of Graduate Studies (CGS)

The Council of Graduate Studies (CGS) is the official branch of student government that represents every graduate student at the main and branch campuses. The Biomedical Sciences Graduate Program has 2 delegate seats available and it is a great way to become involved on campus. Visit the website here or contact cgs@studentlife.osu.edu for more information.
Autumn Registration Deadlines

Attached are the updated Autumn Semester 2013 Graduate School Deadlines. Please make sure you register for your classes by these deadlines, including IBGP 8999. Failure to meet these deadlines could result in late fees and extra paperwork.

Out of State Students: Residency Information

Fees and tuition are based on a student's residency status. Therefore, to obtain in-state tuition rates students are required to apply for residency status (if applicable) after 12 consecutive months of course work. We encourage out of state students to take advantage of this reduction of fees and tuition. Go to the following website for the information and forms to file for residency status: http://registrar.osu.edu/Residency/index.asp

The deadline for Autumn term is August 1.

Fun Fact

Astronauts Can't Whistle on a Spacewalk

Did you know when inside a spacesuit during a spacewalk, astronauts cannot whistle? Find out why here.
