**Spring 2016 Undergraduate Research Expo**

The Undergraduate Research Office is pleased to announce the all-new Spring Undergraduate Research Expo on Wednesday, March 30, 2016, to be held from 9:30-11:00am in the RPAC. 

**Doctoral and professional students are needed to review student poster presentations across disciplines!**

The Forum is not a judged event, but presents an opportunity for more than 300 undergraduates to showcase their research while gaining valuable presentation experience. Students are invited to provide feedback about their posters and oral presentations and discuss their research with others.

Students are eager to receive formal feedback about their posters and oral presentations and discuss their research with others. This is a great learning experience for the student presenters and a great mentoring experience for those who review these presentations!

Reviewers will be asked to provide feedback to 2-3 student poster presentations. Those reviewing presentations can sign up at Denman.osu.edu/judgeregistration.aspx. Please register by February 19.

Questions can be directed to Amanda Perrin at Perrin.42@osu.edu.

**17th Annual Scientific Meeting - Submit your abstract and register**

**Friday, April 22**
7:15 a.m.-5:30 p.m.
Ohio Union
1739 N. High St.
Columbus, OH 43210

The event will include basic, clinical, translational and population science presentations from OSUCCC - James and external cancer research experts, a large poster review, the Art of Cancer Research Competition, poster awards, closing reception and more.

[Abstract Submissions]

OSUCCC members as well as residents, post-doctoral fellows and graduate students are encouraged to submit an abstract for review at our Annual Scientific Meeting. To be eligible for consideration...
award, abstracts must be submitted by the deadline using the OSUCCC - James abstra

SUBMIT AN ABSTRACT
Abstracts are due by Friday, Feb. 26.

NOTE: If you miss the deadline, you can still provide and present a poster, but the po
judged and you will not be eligible for an award.

REGISTER FOR THE MEETING
The deadline to register is April 8.

Applications Open - CCST Sciences and Technology Policy Fellows
California's State Legislature is looking for a few good scientists to trade their lab coats f
suits, and swap molecules and equations for committee hearings and bill analyses.
That's the opportunity being offered by the CCST Science & Technology Policy Fellowsf
California Council on Science and Technology (CCST). CCST is now seeking applicants
Fellowship class, and applications opened this week on December 1st.
"CCST's mission is for science to inform decision-making in California," says CCST De
Amber Mace, who oversees the fellowship program. "And what better way to do that that
scientists directly with decision-makers? So CCST created a program to train and mentc
engineers in the policymaking process, and place them as staffers with Assembly and S
the California State Legislature."
The Fellowship is open to scientists holding a PhD degree, professional engineers, medi
those holding equivalent degrees in veterinary medicine, dentistry, and certain social scie
Fellowship placements have included both Democratic and Republican legislators in the Sena
