Deadlines and Events

Commencement-Dec. 21, 2014
Hayes Graduate Research Forum-Feb. 20, 2015

Other Information

Vanderbilt Post Doc Position Available

Dr. Dawn Newcomb at Vanderbilt is looking for a post-doc to start in spring/summer. She has 5 years of R01 funding that starts on Monday (12/22). Her lab is focused on determining the role of sex hormones in T cell differentiation and asthma pathogenesis. In particular, interested in how estrogen and progesterone regulate Th17 cell differentiation and IL-17A protein expression in severe asthma. If you are interested please contact Dr. Dawn Newcomb (Dawn.Newcomb@vanderbilt.edu)

The Hayes Graduate Research Forum - In Need of Faculty

Due to some recent withdrawals, we are now experiencing a shortage of faculty members to serve as presentation judges in the Professional Biological Sciences category at the 29th annual Edward F. Hayes Graduate Research Forum on 20 February 2015. More information regarding the Hayes Forum can be found here: http://cgs.osu.edu/hayes-forum/. If any faculty are interested, they may contact Michael Bowman directly at bowman.979@osu.edu.

The Pelotonia Fellowship Program is Accepting Applications

The Pelotonia Fellowship Program is now accepting applications for Undergraduate, Graduate, Medical, Pharmacy, Dental and Postdoctoral Student fellowships. These fellowships are for cancer related projects in ANY field of study.

We encourage ALL students who are interested in cancer research to apply. To date, 292 fellowships
have been awarded to students in many different fields of study including Chemistry, Communications, Dentistry, Engineering, Genetics, Medicine, Nutrition, Pharmacy, Physics, Public Health and Psychology.

Applications are due January 15th, 2015.

To learn more about this funding opportunity, including tips on filling out an application, an information session is being held on December 17th at 3:00 in room 105 Biomedical Research Tower (BRT). Click here to register for this information session: http://researchcalendar.osu.edu/index.php?eID=697.

For an application and additional guidelines, go to http://cancer.osu.edu/go/pelotoniafellowship or e-mail Jeffrey.Mason@osumc.edu.

Feel free to pass this along to your co-workers/lab members/students who may be interested.

Ohio Cancer Research Associates' 2015 Basic Cancer Research Seed Money Grant Competition

The Ohio Affiliate of Prevent Blindness is accepting applications for its 2015 Young Investigator Student Fellowship Awards for Female Scholars in Vision Research. The Fellowship Program is designed to provide support for outstanding female scientists committed to pursuing biomedical, behavioral or clinical research careers relevant to the mission of Prevent Blindness- to prevent blindness and preserve sight.

Applicants must be post-baccalaureate students enrolled in a masters or doctorate program, female citizens or permanent residents of the United States. Prevent Blindness will give preference to fellowship applications which investigate public health issues related to the burden of eye-related health and safety topics. Applications from diverse fields in the health sciences including, but not limited to ophthalmology, optometry, nursing, genetics, public health, nutrition, gerontology, and bioengineering, are appropriate to the goals of this fellowship award.

Awards will range from $3,000 - $5,000 for research being conducted during the summer of 2015. Applications are due February 15, 2015.

Feel free to contact Margo Nash (nash.246s@osu.edu) if you have any questions.
