Graduate School News

OSUWMC to Host Congressional National Institutes of Health Panel on October 19th

The Ohio State University Wexner Medical Center (OSUWMC) is hosting an informal co
our Central Ohio Delegation on Oct. 19 from 10:15-11:15 AM in the Biomedical Research Tower 115. U.S. Representatives Joyce Beatty, Steve Stivers and Patrick Tiberi will provide updates on fiscal year 2016 federal budget proposals, including NIH funding and the 21st Century Cures Act. Your attendance and input is your chance to help them understand how NIH funding affects your work. Please join us for this interactive event! To RSVP please email Kate.Philips@osumc.edu.

**Graduate Alumni Careers Panel Discussion - November 19th**

Please see attached flyer regarding a Graduate Alumni Careers Panel Discussion being organized by the Bennett Society, Biomedical Sciences Graduate Program (BSGP), & Neuroscience Graduate Program (NGSP). The event will occur on **Thursday, November 19 at 3:00 pm** in 170 DHLRI.

**Please note:** Because food is being provided we are requesting a RSVP. The alumni panelists will include:

- Jason Dahlman, PhD
  Licensing Manager, OSU Technology Commercialization Office
- Sean Harshman, PhD
  Research Scientist, Wright Patterson Air Force Base
- Melinda Dunn, PhD
  Scientist, Ohio Department of Health
- Bob Moyer, PhD
  Principal Research Scientist, Battelle Biomedical Research Center
- Leah Pyter, PhD
  OSU Assistant Professor, Departments of Psychiatry and Behavioral Health and Neuros

**Biomedical Sciences Annual Retreat**

Mark your calendar for the Biomedical Sciences Annual Retreat on **Thursday, December 10, 2015 from 8:45 am-1:15 pm**. The Retreat will be held at the OSU Faculty Club; a continental breakfast and lunch will be provided. Students, please invite your mentor. A detailed agenda will be sent later this Fall.

We would like to invite and encourage all post-candidacy students to apply to be speakers. We will have 8 student speakers, and two will win a $1,000 travel award and the Best Speaker will be awarded an additional $500 award from Procter & Gamble. To participate as a speaker and in the Biomedical Sciences Graduate Program Student Travel Award Competition, write a one-page double spaced abstract about your research project and return as a MS Word attachment to bsgp@osumc.edu by Friday, October 16. Abstracts will be reviewed by a faculty committee and eight students will be selected to make a 10 minute science presentation at the Retreat.

We constantly need to update your accomplishments for training grant applications, and so you to also respond to a survey, that serves as an Individual Development Plan (IDP). With this important information. Plus, with this information, we will be able to highlight at accomplishments of the students. You can find the IDP at: [https://osu.az1.qualtrics.com/SV_03xKNhiXhN8jsyx](https://osu.az1.qualtrics.com/SV_03xKNhiXhN8jsyx)

**We are asking all students to complete the online survey by Friday, September 25.**

We look forward to receiving many outstanding abstracts and to an enjoyable and interesting retreat.
Online training for preventing and responding to sexual misconduct

Online training focused on preventing and responding to sexual misconduct and relations now available. Knowing how to identify these issues, how to access support services and how to help prevent these instances are all ways you can have a positive impact on campus. At Ohio State, there is no place for sexual misconduct or violence of any kind, and this training is Buckeyes ACT, a comprehensive effort to combat these issues on our campus.

Versatile PhD Panel Discussions, Fall 2015

Versatile PhD is a secure, on-line community and resource for graduate students interested outside of the traditional faculty/researcher roles. Panels of PhDs who have made the transition are a regular feature. The Graduate School subscription is open to all graduate students, faculty alumni, and provides access to all features and content. Get started.

Upcoming panels

- October 19-23: Publishing (Humanities/Social Sciences)
- November 16-20: University Administration (STEM)

Other Information

AAUW Fellowships and Grants

The American Association of University Women (AAUW) has a number of fellowship and opportunities for women graduate students and scholars. Deadlines are from November.

Pelotonia Fellowship Program
The Pelotonia Fellowship Program is now accepting applications for postdoctoral cancer fellowships. Applications are due October 28th, 2015. These two year fellowships are available for postdoctoral fellows, regardless of nationalit research in ANY field of study. Emphasis is given to fellows who are (or will be) new to one year, excluding clinical fellows) and who have the potential to become independent s

For an application and additional guidelines, go to http://cancer.osu.edu/go/pelotoniafellowship mail Jeffrey.Mason@osumc.edu.

St. Jude's Pediatric Oncology Education (POE) Program

The program offers a unique opportunity for pre-doctoral students preparing for careers in sciences, medicine, and pharmacy to gain biomedical and oncology research experience participate in basic or clinical oncology research, research and clinical conferences, and series designed specifically for them. All participants make a PowerPoint presentation or project and submit a report on their research project written in the style of a journal in wh mentor publishes.

A primary goal of the POE program is to encourage students to pursue a career in cancer we are particularly interested in highly qualified students with a serious career interest in either as a clinical scientist or laboratory-based research scientist
