Biomedical Sciences News and Events

Biomedical Sciences Students: Check your Mailboxes

The Biomedical Sciences office would like to remind students that they have mailboxes located in the student room in Graves Hall. Mailboxes are organized by last name. Please check your mailbox and clear out any mail that belongs to you.

Change in Biomedical Sciences Office Hours

The Biomedical Sciences office hours will resume the 8:00 am- 5:00 pm schedule beginning Monday, August 27.

Other News and Events

Research In Progress Seminars Resume Monday, August 27
The Research in Progress Seminars will resume on Monday August 27 at 12:00 pm in room 105 of the Biomedical Research Tower (BRT). Graduate students can register for this course under MVIMG 7931. Also, Dr. Symer is still in need of some presenters for this seminar series/course. Please contact him for available dates: david.symer@osumc.edu

Mondays presentation will be:

**Topic:** "Ibrutinib is an irreversible molecular inhibitor of Interleukin-2 Inducible Kinase: Expanding therapeutic potential and modulating a Th1 selective pressure in CD4 T-cells"

**Speaker:** Jason Dubovsky, Ph.D.  
Postdoctoral fellow, OSU

**Mentor:** John C. Byrd, M.D.  
Division of Hematology, Department of Internal Medicine, OSUCCC

**Students: Check Statement of Account**

Students should be encouraged to pay tuition and fees as soon as possible -- and no later than **August 31** -- to avoid additional late fees or disenrollment for non-payment.

All students with outstanding balances after August 15 are at risk for being dropped from their autumn semester courses for non-payment if all fees are not paid by August 31.

**Counseling and Consultation Service Available for Students**

The Counseling and Consultation Services office provides counseling and consultation to currently enrolled undergraduate, graduate and professional students. They also work with spouses/partners of students who are covered by the Comprehensive Student Health Insurance. They offer counseling and therapy to help students address personal, mental health, academic, and career concerns. Do not hesitate to contact them at (614) 292-5766 or visit their informative website at ccs.osu.edu for helpful tips and information.

**Spring Pathology Course Announcement: 6670 Medical Cytogenetics**

See the attached flyer for information about Pathology 6670: Medical Cytogenetics which will be offered in Spring 2013.

**NSF Fellowship Information**

Click here for more information about NSF fellowships.

**Buckeye Alert Registration**

In the event of an urgent situation, Ohio State will deploy the Buckeye Alert system to communicate with campus. Text and voice messages with
safety information and instructions will be sent to all registered cell phones. With the exception of quarterly testing, this system will only be used when the campus needs to take immediate action to remain safe and secure. Following a Buckeye Alert message, faculty and staff can access a variety of communication channels for additional information, including: emergency.osu.edu, WOSU-FM 89.7, osu.edu, the emergency line 247-7777, and other local media outlets. To receive Buckeye Alerts, students must register a telephone number in the cellular phone field on their eprofile site. Up to two family members also can be registered to receive these warnings. View Student Text Messaging Registration at buckeyealert.osu.edu/.

March of Dimes Volunteer Opportunities

The March of Dimes Central Ohio division is seeking volunteers for various events. See the list of opportunities here. The March of Dimes is a non-profit organization that focuses on improving the health of babies. Our organization funds important research, education, and community services that focus on preventing birth defects, premature birth, and infant mortality. Contact Andrea Steger at asteger@marchofdimes.com or (614) 392-6041 with any questions.

Fun Fact

Snake Facts

Did you know that snakes do not blink their eyes, do not have ears, and most have over 200 teeth. Find more snake facts here.
