Out of State First Year Students: Ohio Residency Information

Fees and tuition are based on a student's residency status. Therefore, to obtain in-state tuition rates students are required to apply for residency status (if applicable) after 12 consecutive months of course work. We encourage out of state students to take advantage of this reduction in fees and tuition. Go to the following website for information and the forms to file for residency status: [http://registrar.osu.edu/Residency/index.asp](http://registrar.osu.edu/Residency/index.asp)

REMINDER: Financial Responsibility Statement Due Every Term

All students must submit a Financial Responsibility Statement prior to enrolling in classes each term. A Registration Lock Hold is placed on the Student Center until the statement is completed, preventing registration, adding courses, or moving off of a wait list. For instructions on how to complete this in Buckeyelink click here.

Integrative and Organ Systems Pharmacology Short Course: June 2-14

The Michigan State University Short Course in Integrative and Organ System Pharmacology is an intensive laboratory experience for students, that includes extensive interactions with faculty. This year it will take place on June 2-14 in East Lansing, Michigan and applications will be accepted until May 6. See the flyer or website for more information and application instructions.

Fun Fact

Iditarod Trail Sled Dog Race

The Iditarod is an annual long-distance sled dog race run in early March from Anchorage to Nome, Alaska. However, the race is never the same two years in a row. That is because the race alternates routes on a yearly basis as the mushers run the northern trail on even years, and the southern trail on odd years. Read more here.
