

# Didactic Lecture Series

|                |      | Text          | Chpt | Lecture Title                                | Speaker   |
|----------------|------|---------------|------|----------------------------------------------|-----------|
| 7/03/15        |      |               |      | <b>4<sup>th</sup> of July</b>                |           |
|                |      |               |      | <b>Holiday</b>                               |           |
| CA1<br>7/07/15 | 6:00 | (Orientation) |      | (IHIS Training – No Lecture)                 |           |
| CA2<br>7/10/15 | 6:00 | Barash        | 24   | Anesthesia Workstations and Delivery Systems | Springer  |
|                | 7:00 | Barash        | 23   | Rare and Coexisting Disease                  | Connors   |
| CA1<br>7/14/15 | 6:00 | (Orientation) |      | Renal and Hepatic Physiology                 | Traetow   |
| CA3<br>7/17/15 | 6:00 | Barash        | 9    | Experimental Design and Statistics           | Papadimos |
|                | 7:00 | Barash        | 21   | Local Anesthetics                            | Faraci    |
| CA1<br>7/21/15 | 6:00 | (Orientation) |      | Cardiovascular Basics                        | Andritsos |
| CA2<br>7/24/15 | 6:00 | Barash        | 29   | Monitored Anesthesia Care                    | Dishong   |
|                | 7:00 | Barash        | 18   | Intravenous Anesthetics                      | Lindsey   |

|                |      |                     |    |                                             |                     |
|----------------|------|---------------------|----|---------------------------------------------|---------------------|
| CA1<br>7/28/15 | 6:00 | Morgan &<br>Mikhail |    | Acute and Chronic Pain                      | Weidner             |
| CA3<br>7/31/15 | 6:00 | Barash              | 8  | Electrical and Fire Safety                  | Small               |
|                | 7:00 | Barash              | 23 | Rare and Coexisting Disease                 | Connors             |
| CA1<br>8/4/15  | 6:00 | Morgan &<br>Mikhail |    | Pharmacology 2                              | Moran               |
| CA2<br>8/7/15  | 6:00 | Barash              |    | Airway Cadaver Lab/Workshop                 | Sasso/Gould/Fiorini |
|                | 7:00 | Barash              |    | Airway Cadaver Lab/Workshop                 | Sasso/Gould/Fiorini |
| CA1<br>8/11/15 | 6:00 | Morgan &<br>Mikhail |    | Pharmacology 1                              | Rankin              |
| CA3<br>8/14/15 | 6:00 | Barash              | 14 | Fluids, Electrolytes & Acid Base Physiology | Lyaker              |
|                | 7:00 | Barash              | 19 | Opioids                                     | Springer            |
| CA1<br>8/18/15 | 6:00 | Morgan &<br>Mikhail |    | Pharmacology 3                              | Rankin              |
| CA2<br>8/21/15 | 6:00 | Barash              | 10 | Cardiac Anatomy and Physiology              | Dimitrova           |
|                | 7:00 | Barash              | 27 | Airway Management                           | Gutmann             |

|                |      |                     |    |                                             |         |
|----------------|------|---------------------|----|---------------------------------------------|---------|
| CA1<br>8/25/15 | 6:00 | Morgan &<br>Mikhail |    | Pharmacology 4                              | Moran   |
| CA3<br>8/28/15 | 6:00 | Barash              | 10 | Cardiac Anatomy and Physiology              | Turner  |
|                | 7:00 | Barash              | 15 | Intravenous Anesthetics                     | Lindsey |
| CA1<br>9/1/15  | 6:00 | Morgan &<br>Mikhail |    | Physics 2                                   | Rankin  |
| CA2<br>9/4/15  | 6:00 | Barash              | 25 | Standard Monitoring Techniques              | Turner  |
|                | 7:00 | Barash              | 25 | Standard Monitoring Techniques              | Turner  |
| CA1<br>9/8/15  | 6:00 | Morgan &<br>Mikhail |    | Physics 4                                   | Rankin  |
| CA3<br>9/11/15 | 6:00 | Barash              | 2  | Practice Management                         | Highley |
|                | 7:00 | Barash              | 16 | Homeostasis and Transfusion Medicine        | Flores  |
| CA1<br>9/15/15 | 6:00 | Morgan &<br>Mikhail | 39 | Anesthesia for Trauma and Emergency Surgery | Lyaker  |
| CA2<br>9/18/15 | 6:00 | Barash              | 21 | Local Anesthetics                           | Faraci  |
|                | 7:00 | Barash              | 30 | Ambulatory Anesthesia                       | Lowery  |

|                        |             |                                 |           |                                                        |               |
|------------------------|-------------|---------------------------------|-----------|--------------------------------------------------------|---------------|
| <b>CA1<br/>9/22/15</b> | <b>6:00</b> | <b>Morgan &amp;<br/>Mikhail</b> |           | <b>Physics 1</b>                                       | <b>Moran</b>  |
| <b>CA3<br/>9/25/15</b> | <b>6:00</b> | <b>Barash</b>                   | <b>28</b> | <b>Patient Positioning and Potential Complications</b> | <b>Sandhu</b> |
|                        | <b>7:00</b> | <b>Barash</b>                   | <b>11</b> | <b>Respiratory Function</b>                            | <b>Stahl</b>  |
| <b>CA1<br/>9/29/15</b> | <b>6:00</b> | <b>Morgan &amp;<br/>Mikhail</b> |           | <b>Physics 3</b>                                       | <b>Moran</b>  |
