

Combined Internal Medicine-Pediatrics Residents PGY3

	<p>Nabeeha Ahmad, MD Contact: Nabeeha.Ahmad@osumc.edu Hometown: Buffalo, NY Undergrad: University at Buffalo Medical School: University of Cincinnati Why OSU/NCH for residency: I wanted to go to a program with a large med peds presence so there were lots of mentors and good integration between institutions. As well as the presence of strong categorical programs on each side and residents and faculty that were warm and welcoming. The med/ peds program here had all of those things! Career Plans and Interests: hospitalist vs primary care Hobbies: Travel/hiking, brunch, board games, sitting on patios with string lights Favorite OSU or NCH rotation: OSU- CHF , NCH- newborn, Derm elective Why choose Columbus? Lots of great food!</p>
	<p>Kristin Cooper, MD Contact: Kristin.Cooper@osumc.edu Hometown: Gahanna, OH Undergrad: University of Notre Dame Medical School: Ohio State Why OSU/NCH for residency: First and foremost: for the people! Aside from the strength of our training on both sides, our IM/peds family is the best part of our program. Career Plans and Interests: Most likely primary care! Hobbies: Hanging out with my husband and puppy, thrift shopping, exploring new restaurants, spending far too much money at Sephora and Ulta, and working on home improvement projects. Favorite OSU or NCH rotation: MICU (COVID) nights were a memorable adventure. I had the most incredible co-resident/fellow team and learned a ton. I also really enjoyed my Allergy & Immunology elective through NCH. The faculty were some of the nicest I've worked with and I learned a lot! Why choose Columbus? I'm a bit biased as this is my hometown, but Columbus truly is a hidden gem of the Midwest: huge young professional population, tons to do, plenty of good food, college sports, affordable living. You can't beat it!</p>

Combined Internal Medicine-Pediatrics Residents PGY3

	<p>Rachel D'Amico, MD Contact: Rachel.D'Amico@osumc.edu Hometown: Colorado Springs, CO Undergrad: THE Ohio State University! Medical School: Ohio State Why OSU/NCH for residency: The people! I loved all of the residents I worked with in medical school, and they were all so friendly, intelligent, and compassionate. I also love how many supportive Med- Peds faculty there were at both institutions Career plans and interests: Primary care, probably after doing an Academic Peds or GIM fellowship with a focus on advocacy Hobbies: Biking, napping, exploring Columbus with my Med Peds friends, trying to keep my herb garden alive Favorite OSU or NCH rotation: MICU and Adolescent Why choose Columbus? That there's lots of places to explore, and everywhere is an easy drive away</p>
	<p>Michael Dienstbach, MD Contact: Michael.Dienstbach@osumc.edu Hometown: St Louis, MO Undergrad: Loyola University Chicago Medical School: University of Illinois Chicago Why OSU/NCH for residency: To me, OSU has one of the biggest and most special Med Peds programs in the country. This means there is a big emphasis on doing things our own way, and there are a ton of Med Peds graduates in the area that you can work with. It's also an awesome city full of cool people! Career Plans and Interests: Combined Hospitalist, Global Health Hobbies: Soccer (playing and watching), music (playing and listening) Favorite OSU or NCH rotation: OSU - Gen Med, NCH - Infectious Diseases Why choose Columbus? That I get to bandwagon for both an awesome college football and professional soccer team, and that a ton of great concerts come here!</p>

Combined Internal Medicine-Pediatrics Residents PGY3

	<p>Mary Hanks, MD Contact: Mary.Hanks@osumc.edu Hometown: Winfield, WV Undergrad: George Mason Medical School: Marshall Why OSU/NCH for residency: Simply put, it just seemed like the right fit. Career Plans and Interests: Undetermined Hobbies: Walking my dog, hiking or anything outdoors, drawing, baking Favorite OSU or NCH rotation: MICU Why choose Columbus? The people I've met here. Fellow IM/Peds and categorical residents, attendings, staff, everyone is great!</p>
	<p>Rachael Mangaudis, MD Contact: Rachael.Mangaudis@osumc.edu Hometown: Chattanooga, TN Undergrad: The Ohio State University Medical School: University of Tennessee Health Science Center Why OSU/NCH for residency: I chose this program because I wanted to be at a program that offered strong internal medicine and pediatrics training and valued the presence of residents. Career Plans and Interests: Still deciding, but probably some form of transitional care Hobbies: Hiking, traveling, spending time with family, reading Favorite OSU or NCH rotation: medicine night float Why choose Columbus? Tons of great restaurants and lots of festivals/other activities</p>
	<p>Tim Pian, MD Contact: Timothy.Pian@osumc.edu Hometown: Newton, MA Undergrad: The University of Pennsylvania Medical School: Brown University Why OSU/NCH for residency: My interview experience was spectacular. When you're listening to current residents reminisce on discussing the outcome of their House Cup competition at their annual Harry Potter Med Peds party, it's hard not to feel a sense of family. I knew it wasn't forced, faked, or for show, and it totally brought me back to those dinners you have at your grandparents' house with all your cousins. I was hooked. Are our hospitals great training sites? Yes. Are our alumni super well integrated into each of our faculty bodies? Totes. But that sense of family is really the thing that makes me the happiest to be here. Career Plans and Interests: Still trying to figure it out. In classic Med-Peds fashion, I like most things I've done. Hopefully sub-specialty care that offers a mix of in- and outpatient care, continuity, and acuity.</p>

Combined Internal Medicine-Pediatrics Residents PGY3

	<p>Hobbies: Hammock-lounging, Wendy's-eating, Drag-Race-watching, and lounging at the pool</p> <p>Favorite OSU or NCH rotation: Newborn Nursery tied with Heart 1</p> <p>Why choose Columbus? Justifying eating at Wendy's as "supporting local businesses"</p>
	<p>Dan Schmitz, MD</p> <p>Contact: Daniel.Schmitz@osumc.edu</p> <p>Hometown: Los Angeles, CA</p> <p>Undergrad: Boston College</p> <p>Medical School: University of California, San Diego</p> <p>Why OSU/NCH for residency: Both the adult and pediatric hospitals here are among the best in the country, where you get to see and do a ton. But the med-peds family makes OSU special. You train next to 9 other residents in your year and another 30 in the program who become wonderful friends and sources of support, under the guidance of program directors who genuinely care about your success and well-being, among tons of med-peds faculty who serve as outstanding mentors, with the assistance of a program coordinator who pretty much has all the answers.</p> <p>Career Plans and Interests: Hospital medicine or primary care</p> <p>Hobbies: Hiking or running trails around the city, and following it up with a visit to one of the local breweries</p> <p>Favorite OSU or NCH rotation: Pediatric Infectious Disease</p> <p>Why choose Columbus? Columbus has big city resources with a smaller town feel--lots of bars and restaurants, sports, and things to explore without tons of crowds or traffic.</p>
	<p>Savannah Smith, MD</p> <p>Contact: Savannah.Smith@osumc.edu</p> <p>Hometown: Charlotte, TN</p> <p>Undergrad: UT Martin</p> <p>Medical School: University of Tennessee Health Science Center</p> <p>Why OSU/NCH for residency: The Med-peds residents and faculty are phenomenal. I knew they would make me feel at home.</p> <p>Career Plans and Interests: Hospital medicine and hospital pediatrics.</p> <p>Hobbies: Reading. Walking my dog, Nike. Traveling to new places. Cooking.</p> <p>Favorite OSU or NCH rotation: ENRG- endocrine, nephrology, rheumatology, genetics</p> <p>Why choose Columbus? The wonderful people I have met here.</p>

Combined Internal Medicine-Pediatrics Residents PGY3

Aisha White, MD

Contact: Aisha.white@osumc.edu

Hometown: Athens, TN

Undergrad: Vanderbilt University

Medical School: University of TN Health Science Center

Why OSU/NCH for residency: The residents were great, Columbus seemed like an awesome big-little city to live, and the program had all the opportunities I was looking for in a residency.

Career Plans and Interests: General IM/Peds

Hobbies: Exploring new restaurants, painting, spending time with my husband and dog

Favorite OSU or NCH rotation: OSU Allergy/Immunology outpatient elective

Why choose Columbus? There is almost never any traffic so it makes it very easy to explore all aspects of the city
