ABOUT NATIONWIDE CHILDREN'S HOSPITAL

Founded: 1892

MISSION

Nationwide Children's Hospital is committed to best outcomes and health equity for all children, ensuring every child has access to the best care regardless of their ability to pay.

Upon this fundamental belief, Nationwide Children's is committed to providing the highest quality:

- Care for patients and whole child wellness
- Advocacy for children and families
- Research discoveries
- Education of patients, families, team members and the community

VISION

Leading the transformation of child health so children everywhere achieve best outcomes.

VALUES

As One Team where *Everyone* Matters:

Do the right thing

- We are committed to health equity for all children
- We always act with integrity, kindness, empathy and honesty
- We are inclusive and respectful, embracing the uniqueness and differences of each individual

Prioritize Quality and Safety

- We put patients and families at the center of every decision
- We create a safe day every day
- We communicate clearly and completely
- We routinely seek input from others and always support our colleagues

Promote health and well-being

- We balance work and life demands
- We generate optimism and energy in one another
- We advance our health, and the health of our community

Are agile and innovative

- We embrace and lead positive change
- We fuel a streamlined environment and an entrepreneurial spirit
- We generate and share new knowledge and ideas

Get results

- We're accountable (we do what we say we'll do)
- We're determined (we get the desired result)
- We're committed to best outcomes and constant improvement
- We leverage our diverse strengths and talents

OUR STRATEGIC PLAN

In 2021, Nationwide Children's Hospital announced the most ambitious strategic plan in our history: A five-year \$3.3 billion commitment to transform health outcomes for all children.

What makes this plan unique is its distinctive approach to improving the health of the whole child through:

- World-Class Care & Cutting-Edge Research: Integrating talent, quality and technology to achieve best outcomes
- Health Equity & Population Health: Breaking down barriers to impact every child's future potential
- Behavioral & Mental Health Care: Expanding and sharing an innovative model of care
- Genomics Research & Personalized Medicine: Revolutionizing the next frontier of pediatric health

“Empowered by tremendous community support, our successes in clinical care, behavioral health, population health, and research innovations aligned with our focus on the whole child and our mission to provide care regardless of ability to pay, uniquely positions us to change the way pediatric health care is delivered as a national model. We are ready to do even more.”
