

Vaccination List

Each visiting scholar must provide immunization and communicable disease history information. Proof of the following immunizations/tests **in English** are required:

Vaccine	Details
COVID-19	2 doses of Pfizer-BioNTech or Moderna; 1 dose of Johnson & Johnson's Janssen. Full vaccination occurs 2 weeks after last dose.
Hepatitis B	Three-dose series of Recombivax HB or Engerix-B or a 2-dose series of Hepsivax-B, with the doses separated by at least 4 weeks.
Flu (Influenza)	1 dose of influenza vaccine within a year
Varicella (Chickenpox)	If no blood test that shows they are immune to varicella (i.e., no serologic evidence of immunity) 2 doses of varicella vaccine, 4 weeks apart.
Tdap (Tetanus, Diphtheria, Pertussis)	Td or Tdap booster shot within 10 years.
Tuberculosis	Individuals must have proof of a Tuberculosis skin test within 12 months prior to the visiting scholar appointment. Those individuals with a positive PPD test must have a chest x-ray and certification from a licensed physician that they are free of active Tuberculosis.
MMR (Measles, Mumps, & Rubella)	Individuals born in 1957 who don't have a blood test that shows they are immune to measles or mumps (i.e., no serologic evidence of immunity), 2 doses of MMR (1 dose now and the 2nd dose at least 28 days later).
