

WELCOME TO THE TWELFTH ANNUAL

RUBERG

SYMPOSIUM20

September 25, 2020

THE OHIO STATE UNIVERSITY

WEXNER MEDICAL CENTER

WELCOME TO THE TWELFTH ANNUAL RUBERG SYMPOSIUM20

Welcome to a celebration of Dr. Robert Ruberg's lifelong service to our community. This meeting will cover frequently seen problems to rare conditions that demand specialized care. Discover new insights and return to your practice with a better understanding of today's leading-edge issues in plastic surgery.

COURSE OBJECTIVES

At the conclusion of this activity, learners will be able to:

Describe surgical options including risks and benefits utilized in body contouring surgery for patients with massive weight loss (MSL)

Define potential complications in patients undergoing body contouring after MSL and techniques used to avoid complications

Identify patients who appropriate for extremity nerve transfer and the indications for this surgical technique

Explain the work-up and management of pediatric brachial plexus injury patients

Identify and define patients who are candidates for LeFort midface surgery

Explain and describe surgical techniques that can be utilized after complications from plastic surgery

Identify and discuss differing lasers and their application for in office skin rejuvenation

Describe the differing types of nipple areolar reconstruction and indications for each type
