

Lecture Schedule

2022 – 2023

12-1PM EST

July 13	Breast US at its best: Application & misapplications	Janet Szabo MD
July 20	Malignant Breast Disease Surg-Onc*	Alicia Heelen MD
July 27	Patient Interactions Skills	Rita Zuley MD
August 3	Breast Radiation Oncology*	Teriesa Meier MD
August 10	US Guided breast biopsies	Kirti Kulkarni MD
August 17	Tomo/Stereo Breast biopsies	Charmi Vijapura MD
August 24	Axillary Management-Surg Onc*	Chantal Reyna MD
August 31	Refresher of Breast MRI	Roberta Strigel MD, MS
September 7	MRI Guided Breast biopsies	Tania Rahman MD
September 14	Breast Infections and Inflammatory Breast Cancer	Andrea Brudvik MD
September 20	Journal Club 5:30-6:30 PM EST	BIFC
September 21	Benign Breast disease- Surg Onc*	Jaime Lewis MD
September 28	Breast Localizations	Kyle Lewis MD
October 5	Axillary Imaging (including Z11)	Anuj Gupta MD
October 12	Path-Benign Disease*	Lauren Rosen MD
October 19	Path-Malignancy Disease*	Lauren Rosen MD
October 26	Breast Plastic surgery	Vu Nguyen MD
November 2	Contrast Mammography	Rita Zuley MD
November 9	Patient Education-What I Wish I Knew as a Fellow	Mitva Patel MD
November 16	Radiology Correlation with Breast Cancer Biology	Carol McLaughlin MD
November 23	Male breast disease	Brian Guarnieri MD
November 30	Breast Cancer Genetics*	Kristin Theobald
December 7	Postoperative Breast Imaging	Lisa Mullen MD
December 14	Management of Palps and Pain	Mitra Nooroizian MD
December 21	No Lecture	Holiday
December 28	No Lecture	Holiday

*Denotes Multidisciplinary Lecture

Lecture Schedule

2022 – 2023

12-1PM EST

January 4	Automated Whole Breast Ultrasound	Brandy Griffith DO
January 11	Economics of Breast Imaging	Kim Graver MD
January 18	Controversies in Screening Mammography	Peter Eby MD
January 24	Journal Club 5:30-6:30 PM EST	BIFC
January 25	MQSA and Equip	Melanie Chellman MD
February 1	Quality in Positioning - Mammography, US, MRI	Priti A. Shah MD
February 8	The High Risk Patient and Risk Assessment	Christine Dove MD
February 15	High Risk Breast Lesions	Bronwyn Nair MD
February 22	Breast Implants	Ann Brown MD
March 1	How to Thrive as a New Breast Imager	Tomo Omofoye MD
March 5	Pregnant and Lactating Patient	Rifat Wahab DO
March 15	Management of Nipple Discharge	Adrienne Vargo MD
March 22	Imaging the Transgender patient	Emily Sonnenblick MD
March 29	Utilization & Interpretation of Contrast Mammo	Mitva Patel MD
April 5	Equity in Breast Health Imaging	Anand Narayan MD, PhD
April 12	Missed and Mismanaged Cancers	Davis Teichgraeber MD
April 20	Journal Club 5:30-6:30 PM EST	BIFC
April 19	BRCA Related Cancers!	Michelle Lee MD
April 26	Molecular Breast Imaging	Rachel Brem MD
April 26	Fellow Research Showcase 5:30-6:30 PM EST	BIFC
May 3	No Lecture	SBI
May 10	Breast Imaging and Legislation	Ann Brown MD
May 17	Gender based Violence and Breast Imaging Centers	Rifat Wahab DO
May 24	Certifying Exam-Planning and Experience	Alyssa Cubsson MD
May 31	Mammography and Ultrasound Practical Physics	Bianca Carpentier MD
June 7	Breast Imaging Physics	Brady Samuel
June 14	Abbreviated MRI	Rifat Wahab DO

Participating Institutions: University of Cincinnati, Ohio State University, University of Michigan, University of Chicago, University of Pittsburgh, Cleveland Clinic, John Hopkins Medical Center, UT MD Anderson Cancer Center, Icahn School of Medicine at Mount Sinai, Beaumont Health System, George Washington University, University of Maryland Medical Center, Augusta University at the Medical College of Georgia, Warren Alpert Medical School of Brown University, Virginia Commonwealth University Health System, Vanderbilt University Medical Center, University of Wisconsin, Henry Ford Hospital.
