

# Vestibular Ocular Motor Screening (VOMS)

Date: October 26, 2023

8:00-9:30 am

## Presented by:

**Alicia Kempton, DPT, PT, NCS** is the Brain Injury/Concussion team lead for Ohio State Outpatient Rehabilitation. She assisted in creating the Outpatient Rehab Brain Injury Yoga series, and participates in collaborative clinical research projects on concussion management. She is a member of the Spinal Cord Team, NeuroRecovery Network, and Ohio State's Adapted Sports and Wellness Program. She is a faculty member for the Ohio State Neurologic Physical Therapy Residency. Alicia guest lectures in Ohio State's Doctorate of Physical Therapy program, enjoying her passion for education, research and recovery. Alicia developed the Ohio State Post-Concussive clinical practice guideline, implemented the Buffalo Concussion Treadmill Test lab and competency and was a co-investigator on a collaborative concussion study with Youngstown State University. She is certified in performing International Standards for the Neurological Classification of Spinal Cord Injury exams, is Parkinson Wellness Recovery (PWR!) certified and trained with multiple rehab technologies including body weight-support locomotor training, Bioness, FES cyclings and xCite.

**Tierney Bumgardner, MOT, OTR/L** is an Occupational Therapist at Ohio State's Martha Morehouse Outpatient Rehabilitation Clinic, working primarily with survivors of brain injury. She works with patients on regaining independence with daily activities through a client-centered approach encompassing physical, cognitive and emotional well-being. Tierney collaborates with our optometrists to help improve visual skills in patients who have sustained a concussion or brain injury. She is also a volunteer in Ohio State's Yoga program for brain injury survivors. Tierney currently serves as the coordinator of our Occupational Therapy Neurologic Fellowship Program.

**Learning Objectives:** after this course participants will be able to:

1. Verbalize validated target population for use of VOMS
2. Articulate understanding of interpretation of results for prognostic utility and identification of concussive event in the athletic population
3. Demonstrate protocol through application working with a concussed athlete

**Cost:** Free for OSU Wexner Medical Center Employees

Location: Jameson Crane Skills Lab

2835 Fred Taylor Dr.

Columbus, OH 43202

**Accreditation:** Approved for 1.5-hour CAT A CE from BOC

<https://medicine.osu.edu/departments/sports-medicine/education/medical-professionals>
