Outstanding Mentor Award for Associate Professors

The Outstanding Mentor Award for Associate Professors, formerly called The Distinguished Mentor Award, was established in 2014-15 in recognition of the launch of the Center for FAME's college-wide mentoring program. This award is to honor Ohio State University College of Medicine (OSUCOM) Associate Professors who have demonstrated exceptional dedication and career commitment to faculty mentoring. On a competitive basis, the Center for FAME annually recognizes one Associate Professor's achievements as a mentor with the honor of Outstanding Mentor.

The honoree will be awarded with a \$3500 honorarium and distinction as the Center for FAME's Outstanding Mentor for Associate Professors.

We invite all faculty members who have been mentored by a current OSUCOM Associate Professor to nominate their mentor. Nominations should describe how the mentor has been outstanding in supporting, encouraging and promoting your career and professional development. Specific examples and stories are encouraged.
