EDUCATION / LICENSURE

2010	Licensure in Clinical Psychology (License # 6738) State of Ohio State Board of Psychology
2008	The Ohio State University; Columbus, Ohio PhD, Clinical Health Psychology
2007-2008	The University of Florida Health Science Center; Gainesville, Florida Internship, Clinical & Health Psychology
2004	The Ohio State University; Columbus, Ohio MA, Psychology
2000	University of Missouri; Columbia, Missouri Summa cum laude BA, Psychology with departmental honors BS, Business Administration, Marketing emphasis

ACADEMIC POSITIONS

2021 – 2023	Wellness Data Manager Office of the Chief Wellness Officer The Ohio State University
2019 – present	Medical Student Advocate Office of Student Life The Ohio State University
2016 – present	Associate Professor, Department of Psychiatry & Behavioral Health The Institute for Behavioral Medicine Research, The Ohio State University
2008 – 2016	Assistant Professor, Department of Psychiatry & Behavioral Health The Institute for Behavioral Medicine Research, The Ohio State University
2012 – present	Courtesy Joint Appointment, College of Nursing, The Ohio State University
2009 – 2019	Courtesy Joint Appointment, Obstetrics & Gynecology, The Ohio State University
2008 – present	Courtesy Joint Appointment, Department of Psychology, The Ohio State University

OTHER AFFILIATIONS

The Ohio State University Food Innovation Center (FIC): Member
 The Ohio State University Institute for Population Research (IPR): Faculty Affiliate

CURRENT RESEARCH SUPPORT

R21 NR02160 (PI Jones) 2024-2026

National Institute of Nursing Research

Modification of the B-SWELL Intervention to Improve Long Term Outcome Trends in Midlife Black Women

This research seeks to improve the Midlife Black Women's Stress and Wellness Intervention (B-SWELL), a program co-designed with the community to lower heart disease risk in midlife Black women. This research study leverages choice to increase engagement and minimize the effect of social determinants of health on research participation. Findings from this study have potential to increase sustainability of the B-SWELL and our understanding about preferences of midlife Black women willing to participate in community-based interventions.

Role: Advisory Committee Member

Diversity Supplement

National Institute on Aging

2024-2025

Effects of Caregiving Stress on Cognitive Functioning

The diversity supplement project will allow Mr. Jones opportunities for multidisciplinary collaboration and practical real-world application of research skills. He will work with the research team and both PIs (Drs. Christian & Prakash) from data collection to data analysis. Clinical psychology doctoral student Tyreek Jones will also learn advanced data analysis techniques, implementation of cognitive assessments, and interdisciplinary networking. He will have experiences that he would not in his doctoral program otherwise, including 1) hands-on experience working with caregivers, 2) intensive training in psychoneuroimmunology by working closely with Dr. Lisa Christian and her team, 3) hands-on training in neurocognition and advanced statistical analyses by working closely with co-mentor, Dr. Ruchika Prakash, and her team 4) professional development and networking opportunities with experts in the field.

Role: Faculty Mentor

Pilot Grant

The Institute for Behavioral Medicine Research

Epigenetic Aging in the National Couples Health and Time Study (NCHAT) 2023-2024

Total Award: \$10,000

Renewed for another five years by NICHD, the National Couples' Health and Time Study (NCHAT) includes 5,157 US adults ≥ 18 years of age, with oversamples of Black, Latinx, and Asian individuals. With 2,230 (43.2%) identifying as gay, lesbian, bisexual, or other identifies, NCHAT is the only population-representative study with a fully-powered subsample of sexual minorities in the US. Via recent R21 funding, we are currently examining inflammatory markers and viral monitoring in a subset of this study sample. The current award will permit for examination of epigenetic clocks among a subset of individuals in a study of This pilot award will support a future R01 applications addressing longitudinal changes in stress biology in the renewed NCHAT cohort.

Role: PI

State of Ohio Mental Health and Addiction Services

State of Ohio Adversity and Resiliency (SOAR) Study

2023-2025

Total Award Amount: \$3,699,883

The goal of this study is to enroll and track 15,000 Ohioans for a longitudinal, address-based survey of wellness, adversity and resilience in 2 year increments. To enroll and conduct deep phenotyping assessments of risk and resilience in 3,600 Ohioans across the state using address-based, disease-based, and convenience-based sampling of family dyads and triads.

Role: Co-I

R21 MD018158 (Co-PI Christian/Morgan)

2023-2025

National Institute On Minority Health And Health Disparities

The National Couples Health and Time Use Stress Biology Study (NCHAT-BIO):

Biobehavioral Pathways to Population Health Disparities in Sexual Minorities

Direct costs \$346,081, total costs \$463,502

Sexual minorities (e.g., gay, lesbian, and bisexual adults) have significantly greater risk for obesity, asthma, diabetes, cardiovascular disease, and some cancers compared to heterosexuals. However, both biomarkers of risk and modifiable behavioral and psychological factors contributing to these health disparities are unknown. This study capitalizes on an unprecedented opportunity to study biobehavioral health among sexual minorities *and* intersectional effects of racial minority status on health via the examination of inflammatory markers and viral latency via biological sample collection from participants of NCHAT, the first population-representative, racially/ethnically diverse, multi-method, fully-powered study of cohabiting and married sexual and gender minorities, with a comparison sample of heterosexuals.

Role: Contact PI

Pelotonia: Institutional Research Program (Co-PI Rosko/Christian)

2021-2023

Accelerated Aging in Hematopoietic Stem Cell Transplant Patients

Project Number: GR126176

This study will characterize the clinical and behavioral health of patients and their partners before and after myeloma stem cell transplant

Role: Co-Principal Investigator

R01 AG069138 (Christian PI)

2020-2025

National Institute on Aging

Spousal Dementia Caregivers: Risk for Accelerated Aging,

Direct costs \$3,423,382, total costs \$5,340,477

This proposal describes a distinctly novel methodology that will provide a way to test innovative and original hypotheses about the ways that spousal dementia caregiving impacts lifespan and health span. The interactions between behavior and molecular aging represent an important new frontier for understanding how caregiving (and other chronic stressors) can accelerate or slow aging.

Role: Principal Investigator

Ohio Department of Health

2021-2025

Ohio Women's Behavioral Support Learning Collaborative

This initiative supports a new quality improvement effort focused on mental health among women of child-bearing age, including historically unserved populations. The project is sponsored by the Ohio Department of Health and the Ohio Department of Medicaid.

Role: Clinical Advisor

COMPLETED RESEARCH SUPPORT

Ohio Attorney General's Office; Victims of Crime Act (Yeager PI) 2017-2023

The Ohio State University Stress Trauma and Resilience (STAR) Program

The STAR (Stress, Trauma And Resilience) Program recognizes the importance of addressing experiences of trauma with evidence-based, trauma-informed practices and approaches to care. The STAR Trauma Recovery Center (STAR TRC) offers specialized services to victims of crime and their families across Central Ohio. STAR also supports innovative, interdisciplinary research focused on the causes, biological and behavioral markers, prevention and treatment approaches related to psychological trauma.

Role: Co-Investigator

R01 NR017602 (Groth PI) 2018-2023

Longitudinal Changes in Weight and Biology in the Pregnancy-Postpartum Period and Subsequent Cardiometabolic Risk

The over-arching premise of this project is that the immune, endocrine, metabolic, and weight changes of pregnancy can be long-lasting and contribute to an adverse postpartum cardiometabolic profile that increases long-term chronic disease risk.

Role: External Consultant

Psychiatry & Behavioral Health Pilot Grant 2021-2022

The Ohio State University Wexner Medical Center

The National Couples Health and Time Use Study: Stress Biology (NCHAT-BIO)

These funds will support extension of dried blood spot data collection from a national cohort of over 4,000 individuals in either same or different gender relationships. NCHAT is the largest nationally representative study of sexual and gender minorities in the US to-date.

Role: Dual Principal Investigator with Claire Kamp-Dush, PhD

F30 (Pax PI) 2020 - 2022

Mommyomics and Babyomics – Effect of Gestational Diabetes on the Developing Infant Microbiome

Role: Co-Mentor

National Network of Depression Centers (NNDC) Momentum Grant 2019-2022

Women's Behavioral Health Task Force

This task force aims to leverage research resources and diverse recruitment avenues to identify factors that contribute to women's mental health across the lifespan and develop interventions.

Role: Co-I

Institute for Behavioral Medicine Research Seed Grant 2020 – 2021 Total Award: \$5,000

Establish the Ohio First Responder Pandemic Stress Database and Biorepository

We will collect data between May 1-June 30 2020 during the COVID-19 pandemic from first responders across Ohio, with survey data from up to 8,000 and corresponding biological sample repository of dried blood spot (DBS) samples from 500.

Role: Principal Investigator

P2C HD058484

Institute for Population Research Seed Grant (Christian PI) 2019-2021 Total Award: \$85,000

NCHAT-BIO: Initiation of an NCHAT Biological Sample Repository

These funds will support extension of dried blood spot data collection from NCHAT, the largest nationally representative study of sexual and gender minorities in the US to-date.

Role: Principal Investigator

T32 DE014320 (Sheridan PI) 2016-2021

Comprehensive Training in Oral and Craniofacial Sciences (COTC)

This is an established program designed to train the next generation of basic and clinical research faculty in oral and craniofacial research. The program uses a flexible graduate curriculum and established interdisciplinary research programs to provide high quality training and career development. Training is set in a highly interactive health sciences center that has support from the College of Dentistry, OSU Graduate School, OSU Center for Clinical and Translation Science (OSU CCTS) and the NIDCR. The OSU CCTS is funded by a multi-year Clinical and Translational Science Award (CTSA) from the National Institutes of Health, and provides financial, organizational, and educational support to the CTOC.

Role: Faculty Mentor

Ohio University

Transition to Independence Award (Jara, PI) 08/2018-07/2020 Total award: \$60,000

Social Genomics in Postpartum Depression

This project will utilize Dr. Christian's data to examine transcriptomics in relation to postpartum depression among women followed longitudinally from pregnancy through one year postpartum.

Role: Mentor

R01 NR01366 (Christian PI) 08/07/2013-8/31/2019 Total award: \$1,923,854

Maternal Stress, Obesity, and Influenza Virus Vaccine Immunogenicity in Pregnancy

Examines effect of behavioral factors, particularly psychosocial stress and obesity, on maternal antibody responses to influenza virus vaccination, maintenance of maternal antibody levels through time of delivery, and efficiency of antibody transfer to the fetus.

Infectious Diseases Institute (IDI)

Interdisciplinary Seed Grant Program (Kumar PI) 12/2018-11/2019 Total Award: \$25,000

Oral Microbiome in Pregnancy and Postpartum: Behavioral Predictors and Correspondence Between Mothers and Infants

This study will examine the oral microbiome in women and their infants during pregnancy and postpartum to examine effects of pregnancy on the maternal oral microbiome, factors predicting the oral microbiome composition in infants during the first year of life, and correspondence between maternal – child dyads.

Role: Co-Investigator

uBiome (Christian & Davis Dual PI) 06/2018-10/2019

Maternal Depressive Symptoms and Infant Cognitive/Behavioral Development: Explicating the Role of the Gut Microbiome

The goal of this project is to examine gut microbiome composition in association with maternal mood during pregnancy and postpartum, and infant brain/behavioral development in the first 12 months of life within the context of a randomized controlled trial (RCT) involving brief interpersonal therapy (IPT) for maternal depression during pregnancy.

Role: Dual PI

uBiome (Christian PI)

03/2018-10/2019

Gut Microbiome Composition in Perinatal Women and Their Infants: Associations with Body Weight and Behavior

The goal of this project is to examine gut microbiome composition in association with body weight and behavior (i.e., maternal mood, infant temperament) among perinatal women and their infants, with assessments beginning in the 3rd trimester of pregnancy and continuing through 1 year postpartum.

Role: Principal Investigator

Foods for Health (FFH) Discovery Theme Seed Grant (Klein PI) 04/2018-04/2019 Total award: \$25,000
Personalized Food and Nutritional Metabolomics for Health

Metabolomic and Microbial Factors in Postpartum Weight Retention

This project will examine the role of the metabolome and microbiome in predicting postpartum weight retention among women followed longitudinally through one year postpartum.

Role: Co-Investigator

T32 NR014225 (Salsberry PI)

06/2013-05/2018

Optimizing Health in Childhood: Interdisciplinary Training in Health Development

The overarching objective of this interdisciplinary training program is to prepare nurse scientists to understand how biology, social and environmental contexts intersect during childhood to influence life course health development and to use this knowledge to develop rigorous interdisciplinary programs of research to optimize health.

Role: Faculty Mentor

March of Dimes (Lockwood Site PI)

06/2013-05/2016

Ohio Perinatal Collaborative

This grant establishes a multisite collaborative focused on genetic, biological, and behavioral factors predicting preterm birth

Role: Collaborating Faculty for Theme 5: Sociobiology of Racial Disparities in Preterm Birth.

Collaborative Pilot Program (Ramilo & Christian Co-PIs) 06/26/2014 – 07/01/2016 Total award: \$50,000
OSU College of Medicine/Nationwide Children's Hospital

Effects of Prenatal Maternal Stress on Transcriptional Immune Profiles in Women and Infants: Implications for Antibody Responses to Vaccines

F31 NR014605-01 (Gillespie PhD Candidate)

06/12/2013-12/15/2015

Stressed-Induced Cellular Immune Alterations and Implications for Preterm Birth

This study will examine a biopanel of inflammatory markers with the goal of predicting preterm birth risk among African American women

Role: Co-Sponsor/Faculty Mentor

Seed Grant (Feng PI) 01/01/2014 – 12/31/2015

Total award: \$25,000

OSU Department of Human Sciences

Prenatal and Postnatal Maternal Stress, Parenting, and Children's Physiological and Behavioral Regulation of Stress During Early Childhood

Examines effects of prenatal stress exposure (as indicated by biomarkers and self-report) and parenting behavior on stress reactivity in 3-4 year olds.

Role: Co-Investigator

2P50 CA105632-06 (Paskett PI) 05/01/10-04/31/15

Center for Population Health and Health Disparities: Reducing Cervical Cancer in Appalachia Project 3: Stress and Immune Responses to HPV Vaccination (Ruffin PI)

Examines effects of psychosocial stress on antibody responses to HPV vaccination in Appalachian women.

Role: Co-Investigator

R21 HD067670 (Christian PI)

07/04/2011-06/30/2014

Total award: \$419,375

Stress, Race, and Immune Adaptation Across Pregnancy: Predictors of Preterm Birth

Examines effects of psychosocial stress and racial minority status on adaptation of the immune system across pregnancy with assessment of serum cytokines, stimulated cytokine production, and EBV latency during each trimester among African-American and European-American women.

Role: Principal Investigator

Innovative Initiative Grant (Bailey & Christian Co-PIs)

04/05/2012-04/04/2013

Total award: \$50,000

The Ohio State University Food Innovation Center

Maternal Obesity and Child Temperament as Predictors of Childhood Obesity: Mediating Role of the Intestinal Microbiota.

Examines effects of maternal obesity and childhood temperament on the development of beneficial versus less beneficial microbiota in the gut of children 22-26 months of age, with the long-term goal of identifying environmental and behavioral pathways by which early life factors affect obesity risk.

R21 HD061644 (Christian PI)

8/15/2009-7/31/2012

Total award: \$402,221

Physiological Reactivity to Acute Stress During Pregnancy

Examines cardiovascular, neuroendocrine, and immune reactivity to an acute laboratory stressor (Trier Social Stress Test) among pregnant and nonpregnant African-American and Caucasian women with the goal of delineating pathways by which chronic stress may contribute to racial disparities in preterm birth.

Seed Grant (Christian & Leblebicioglu Co-PIs)

10/01/09-09/30/11

Total award: \$30,000

The Ohio State University College of Dentistry

Effects of Stress and Periodontal Disease on Immune Function During Pregnancy

Examines the interactive effects of psychological stress and periodontal disease on systemic inflammatory processes during pregnancy

Pilot Grant (Christian PI)

04/01/2009 – 03/31/2010

Total award: \$30,000

The Ohio State University Center for Clinical and Translational Science

Adaptation of the Physiological Stress Response During Pregnancy

Provided initial start-up and additional neuroendocrine and immune analyses in the R21 described above

Pilot Grant (Iams PI)

9/01/2008-8/31/2010

Total award: \$9,600

Kirwan Institute for Race and Ethnicity Small Grants Program

Stress, Health, and the Pregnancy Experience: The SHAPE Study

Examines physiological indicators of stress, including neuroendocrine and immune markers, among nonpregnant African-American and Caucasian women with a history of no, one, and two or more preterm births

Role: Co-Investigator

HONORS AND AWARDS

- 2022 Fellow of the American Psychosomatic Society**
Fellow Status in APS recognizes sustained excellence in scholarship and/or professional contributions to the field of psychosomatic science and commitment to the APS among members who are mid-career and beyond. This designation recognizes and honors the engagement of members in advancing psychosomatic science and serving APS.
- 2020 Fellow of the Academy of Behavioral Medicine Research (ABMR)**
The premiere organization in behavioral medicine, the ABMR includes influential academic, governmental, and philanthropic leaders in the field. Election to join the ABMR recognizes high levels of productivity, excellence, and broad recognition for scientific accomplishments.
- 2019 The FAME Committee Member of the Month**
This award from the Center for Faculty Advancement, Mentoring, and Engagement (FAME) recognizes stellar contributions to faculty development and the OSU College of Medicine by one member of a FAME committee each month. Amalia Cohran, MD, FAME Director of Mentorship submitted this nomination in recognition of my contributions to developing a peer mentorship program for mid-career faculty.
- 2017 The 2017 FAME Career Development Award for Researchers**
The Center for Faculty Advancement, Mentoring, and Engagement (FAME) annually grants on a competitive basis, up to two awards for faculty members who demonstrate significant achievements that are attributable to participating in faculty development programming, directly put on by, or sponsored by, the Center for FAME. The honoree(s) are awarded with a \$2500 honorarium and invited to present his or her achievements at a FAME Faculty Profiles Event, as well as recognized at an annual awards event.
- 2016 Academy of Behavioral Medicine Research Neal Miller Young Investigator Award**
This award, established on the occasion of the 80th birthday of the Academy's most distinguished Fellow, is presented annually for imaginatively conceived and carefully conducted research.
- 2016 The Psychoneuroimmunology Research Society R. Ader New Investigator Award**
This prestigious award is presented to an outstanding new research scientist who has made exciting basic science or clinical contributions to the field of PNI. The award honors Dr. Ader's innovation and creativity as a scientist and recognizes his contributions to the instantiation of PNI as a meaningful endeavor dedicated to the betterment of health and the prevention of disease.
- 2011 Academy of Behavioral Medicine Research Research Fellow**
Competitive application to attend the two day "ABMR Research Camp", providing individual mentoring and conference attendance all expenses paid.

POSTDOCTORAL RESEARCHERS

Anna Strahm, PhD: September 2020 – 2022

Amanda Mitchell, PhD: August 2015 – June 2017

Shannon Gillespie, PhD, RN: December 2015 – December 2016

QUALIFYING EXAM/DISSERTATION/MASTERS COMMITTEES

2022 – 2023 Dissertation Committee Member

Jenna McClure

“Development of an extruded snack food for mental health and gut health optimization”

College of Food, Agriculture, and Environmental Sciences

Primary Mentor: Yael Vodovotz, PhD

- 2021 – 2022 Dissertation Committee Member
Lindsay Strehle
 Neuroscience Graduate Program
 Primary Mentor: Leah Pyter, PhD
- 2017 – 2019 Dissertation Committee Member
Brittney Francis
 College of Public Health, Department of Epidemiology
 Primary Mentor: Julie Bower, PhD
- 2012 - 2015 Comprehensive Qualifying Exam & Dissertation Committee Member
Shannon Gillespie, RN, MA
 College of Nursing
 Primary Mentor: Jeremy Neal, PhD, CNM, RN
- 2012 – 2016 Comprehensive Qualifying Exam Committee Member
Genevieve Ritchie-Ewing, MA
 Anthropology
 Primary Mentor: Barbara Piperata, PhD
- 2012 – 2014 Master’s Thesis Committee Member
Munirah Burashed
 College of Dentistry
 Primary Mentor: Binnaz Leblebicioglu, DDS, PhD
- 2013 – 2016 Master’s Thesis Committee Member
Brian Roy
 College of Dentistry
 Primary Mentor: Dimitris Tatakis, DDS

UNDERGRADUATE AND GRADUATE STUDENT RESEARCH ADVISOR

- 2023 – present Tyreek Jones, Doctoral Graduate Student, Clinical Health Psychology
 Project: *Biological Aging and Brain Aging among Dementia Caregivers*
 Role: Co-Mentor; Primary Mentor: Ruchika Prakash, PhD
- 2023 – present Tessa Blevins, Doctoral Graduate Student, Clinical Health Psychology
 Project: *TBD*
 Role: Primary Mentor; Co-Mentor: Joshua Smyth, PhD
- 2023 – present Nithya Kasibhatla, Master’s Graduate Student, Neuroscience
 Project: *Effects of Sleep on Cognitive Function in Women at Postpartum*
 Role: Primary Mentor

- 2022 – present Anthony Kantaras, Undergraduate Student, College of Arts and Sciences
Project: *Exploring Relationships between Socioeconomic Status and Health Disparities in Pre-HSCT Multiple Myeloma Patients and Spousal Caregivers*
Funding: Pelotonia Undergraduate Research Fellowship, ASPIRE Medical Research Experience
- 2017- present Chloe Hery, Graduate Student, College of Public Health
Project: *Actigraphy-Assessed Sleep in Perinatal Women*
- 2017- 2019 Brittney Francis, Graduate Student, College of Public Health
Project: *Maternal Sleep and Shortened Gestation: Results from the Ohio Perinatal Research Network (OPRN)*
- 2015 – 2016 Chloe Beverly, Graduate Student, College of Public Health
Project: *Effects of Prior Vaccination on Influenza Vaccine Immunogenicity in Pregnancy*
- 2015 – 2016 Jessica Saleska, Graduate Student, College of Public Health
Project: *Socioeconomic Mobility in Relation to Mood and Health Behaviors in Pregnancy*
- 2015 – 2016 Genevieve Ritchie-Ewing, MA, Department of Anthropology
Project: *Psychosocial Distress During Pregnancy as a Predictor of Postpartum Breastfeeding*

PSYCHIATRY RESIDENT RESEARCH ADVISOR

- 2017- 2020 Adam Jara, MD, Resident, Department of Psychiatry
Project: *Effects of Pregnancy and Race on Metabolic Regulation*
Funding: Ohio University Transitions Award

MEDICAL STUDENT RESEARCH ADVISOR

- 2017-2021 Shannon Webber, BS, Medical Student, OSU College of Medicine
Project: *Maternal Sleep Parameters and Shortened Gestation*
Funding: Roessler Medical Student Research Scholarship
- 2014-2016 Melissa Brook, Medical Student, OSU College of Medicine
Project: *Perceived Stress and Epstein-Barr Virus Reactivation in Appalachian Women*

CLINICAL EXPERIENCE

- 2002-2005 Psychological Services Center, The Ohio State University, Columbus, Ohio
- 2003-2006 Cardiopulmonary Behavioral Medicine Clinic
The Ohio State University, Columbus, Ohio
- 2006-2007 Anxiety and Stress Disorders Clinic, The Ohio State University, Columbus, Ohio
- 2007-2008 Department of Clinical and Health Psychology

The University of Florida Health Sciences Center, Gainesville, Florida

2018- present Women's Behavioral Health
 Outpatient Care Center, Upper Arlington
 The Ohio State University Medical Center, Columbus, Ohio

COURSES/ SUPERVISION

Spring 2024	Graduate Neuroscience Research Techniques (Neuroscience 7000.01; 1 student)
Spring 2024	Undergraduate Research in Psychiatry & Behavioral Health (PBH 4998; 1 student)
Fall 2023	Graduate Neuroscience Research Techniques (Neuroscience 7000.01; 1 student)
Spring 2019	Undergraduate Research in Psychology (Psychology 4998; 1 student)
Autumn 2018	Undergraduate Research in Psychology (Psychology 4998; 1 student)

Autumn 2010	Undergraduate Research (Psychology 699; 2 students)
Spring 2010	Undergraduate Research (Psychology 699; 2 students)
Winter 2010	Undergraduate Research (Psychology 699; 2 students)
Oct 2008 – May 2009	Obstetrics & Gynecology Fellow Research Advisor

Oct 2008 – May 2009	Medical Student Research Advisor
Autumn 2006	Undergraduate Research (Psychology 699; 1 student)
September 2004 – June 2005	Psychology 331: Abnormal Psychology
September 2002 – June 2004	Psychology 100: Introductory Psychology

INVITED TALKS

- 05/2023 “Stress and Immune Function in Pregnancy: The Role of Discrimination.” The Harvard Pediatric HIV/AIDS Cohort Study (PHACS) Spring 2023 Network Meeting, Bethesda, Maryland, May 9-10, 2023. (National Audience).
- 09/2021 “The Mind-Body Connection in Maternal and Child Health” The Ohio State University College of Dentistry Colloquium Series. (Virtual Presentation: Local Audience).
- 05/2021 “Stress and Immune Function During Pregnancy: Models of Investigation” Rice University, Houston, Texas. (Virtual Presentation; National Audience).
- 03/2021 “Finding Hope and Remaining Patient for the COVID-19 Vaccine” (Panel Discussion; Local Audience) The Ohio State University Interprofessional Council Mental Health Series.
- 11/2020 “Establishing a Research Program” Rice University, Houston, Texas (Virtual Presentation; National Audience).
- 04/2020 “Psychoneuroimmunology in Perinatal Women: Current Knowledge and Future Directions” Penn State University (Local Audience). *Cancelled due to COVID-19 pandemic.*
- 06/2019 “Tales from Psychoneuroimmunology in Pregnancy: A 10-Year Overview of the Stress and Health in Pregnancy Lab”, Charité Universitätsmedizin, Berlin, Institute of Medical Psychology, Berlin, Germany (International Audience).
- 05/2019 “Psychoneuroimmunology in Pregnancy and Postpartum: The Critical Role of Sleep” University of California-Los Angeles (UCLA) Cousins Center for Psychoneuroimmunology Lecture Series, Los Angeles, CA (National Audience).
- 02/2018 “Psychoneuroimmunology in Pregnancy: Mechanisms Linking Stress, Race, Immune Function, and Perinatal Health”. 6th Annual Mount Sinai Innovations in Psychiatry Symposium “Women’s Mental Health and Early Child Development”. Icahn School of Medicine at Mount Sinai, New York, NY. (National Audience).
- 01/2018 “Mentor and Mentee Responsibilities and Relationships”. The Ohio State University Center for Clinical and Translational Science TL2 Trainees (Local Audience).
- 10/2017 “Behavior, Biology, and Health in Perinatal and Early Life: Potential Targets for Functional Foods”. Center of Advanced Functional Foods, Research and Entrepreneurship (CAFFRE) Seminar Series, The Ohio State University Food Innovation Center. (Local Audience).

- 10/2016 “The Mind-Body Connection in Maternal and Child Health: Linking Stress and the Immune System”. Department of Psychiatry, Montefiore Medical Center, Bronx, NY, USA (National Audience).
- 06/2016 “Stress, Race and Immune Function in Pregnancy” The Psychoneuroimmunology Research Society Annual Conference. Brighton Beach, England (International Audience).

University of Wisconsin - Madison**
Attended a 2-day training seminar in Madison, Wisconsin in August 2010 to learn to be a facilitator of empirically-based mentorship trainings

SERVICE ACTIVITIES

National/International

- Fall 2023 **Grant Reviewer**
American Psychological Foundation Wayne F. Placek Award
- Winter 2022 **Ad Hoc NIH Study Section Member**
NINR Limited Competition-- Modular Budget Research Project Grant for NIH Nurse Scientist
- Spring 2021 **Ad Hoc NIH Study Section Member**
Brain Disorders and Clinical Neuroscience IRG (BDCN) Special Emphasis Panel
- 2020-2021 **Co-Guest Editor with Co-Guest Editor Chris Fagundes, PhD**
Psychoneuroendocrinology Special Issue: Health Disparities
- Summer 2020 **Ad Hoc NIH Study Section Member**
NRRC (78) National Institute of Nursing Research IRG
- 2020 – 2021 **Council Representative to the Nominating Committee (Elected Position)**
American Psychosomatic Society
- 2019 – present **Editorial Board Member**
Brain, Behavior, and Immunity: Health
- 2019 – present **Editorial Board Member**
Psychoneuroendocrinology
Comprehensive Psychoneuroendocrinology
- Spring 2019 **Grant Reviewer**
March of Dimes
- 2019 – 2022 **Secretary/Treasurer (Elected Position)**

	Psychoneuroimmunology Research Society (PNIRS)
2018 – 2021	Board of Directors Council Member (Elected Position) American Psychosomatic Society (APS)
2017 – 2022	Board of Directors (Elected Position) Psychoneuroimmunology Research Society (PNIRS)
2017 – present	Women and Mood Disorders Task Force Member National Network of Depression Centers (NNDC)
2017 – present	Editorial Board Member Health Psychology
2017 – present	Editorial Board Member Brain, Behavior, and Immunity
Fall 2015	Ad Hoc NIH Study Section Member Infectious Diseases, Reproductive Health, Asthma and Pulmonary Conditions (IRAP)
2014 – 2017	Nominating Committee Member Psychoneuroimmunology Research Society (PNIRS)
2011 – 2014	Program Committee Member and Mentor-Mentee Reception Coordinator American Psychosomatic Society (APS) Annual Meeting
2009 – present	Abstract Reviewer American Psychosomatic Society Annual Meeting
2014-2015	External Reviewer Health Research Board (HRB) of Ireland
2012 - present	Abstract Reviewer American Psychological Association (APA) Division 38 (Health Psychology) Annual Meeting
Fall 2014	Ad Hoc NIH Study Section Member Mechanisms of Emotions Stress and Health (MESH)
Summer 2013	Grant Reviewer Swiss National Science Foundation
Summer 2013	Ad Hoc NIH Study Section Member ZNRI REV-T(16): Effects of the Microbiome on Preterm Birth and Delivery
2013 – 2014	North American Society for Psychosocial Obstetrics & Gynecology (NASPOG)

Organizing Committee for 2014 Annual Meeting

2012-2013

Membership Committee

Psychoneuroimmunology Research Society (PNIRS)

clinc

2012

Ad Hoc NIH Study Section Member

ZRGI BBBP-J (50): Special Emphasis Panel, RFA: Mechanistic Pathways Linking Psychosocial Stress and Behavior

University/College

2022 – present

Committee Member

Learning Environment Optimization Group; OSU COM

Members: Scott Holliday, MD (Associate Dean for Graduate Medical Education)
Amy Darragh, PhD (Vice Dean, College of Medicine)
Jennifer McCallister, MD (Associate Dean for Medical Education)
Alex Grieco, MD (Associate Dean for Student Life)
Demicha Rankin, MD (Associate Dean for Admissions)
Lisa Christian, PhD (Medical Student Advocate)

2022

Search Committee Member

College of Medicine Associate Dean for Student Life

2021 – present

Sub-Council for Health & Wellness: Wexner Medical Center & the James

One University Health and Wellness, The Ohio State University

2021 – present

Senate Steering Ad Hoc Committee on Bullying & Harassment

The Ohio State University

2021 – present

One University Health & Wellness Council

The Ohio State University, Office of the Chief Wellness Officer

2021 – present

Research Integrity Standing Committee (RISC)

Ohio State University Office of Research Compliance

2020 – present

Equity & Anti-Racism Task Force

OSU College of Medicine

2019 – 2020

FAME Mentorship Committee

OSU College of Medicine, Office of Academic Affairs

2019 – 2020

Faculty Co-Lead; Faculty Travel Dependent Childcare Initiative

OSU College of Medicine

September 2019

Workshop Leader

Strategies for Effective Communication in Mentoring

Tools of the Trade

Sponsored by the OSU Center for Clinical and Translational Science

- Spring/Summer 2019 **College of Medicine Investigation Committee (COMIC)**
The OSU Office of Research Compliance, The Ohio State University
- April 2019 **Grant Reviewer**
OSU Center for Clinical and Translational Science TLI Award Study Section
- Fall 2018 **Chair, Committee of Initial Inquiry (CII)**
Office of Research Compliance, The Ohio State University
- September 2018 **Workshop Leader**
Launching Your Biomedical Research Career
Tools of the Trade
Sponsored by the OSU Center for Clinical and Translational Science
- April 2018 **Faculty Judge**
Annual OSUWMC Trainee Research Day
- 2016-2018 **Annual Seminar Guest Committee Member**
OSU College of Medicine Women in Science and Medicine (WIMS)
- 2015-present **Committee Member**
OSU Food Innovation Center Proposal Review Committee
- December 2015 **Grant Reviewer**
OSU Center for Clinical and Translational Science I K Award Study Section
- 2013-2015 **Abstract Reviewer**
Edward F. Hayes Graduate Research Forum
- 2012-2014 **Faculty Judge**
OSUWMC Research Day
- July 2012 **Graduate Faculty Representative**
Dissertation Defense
Daniel Bower, Human Development and Family Sciences
- March 2012 **Workshop Leader**
Strategies for Effective Mentoring
Tools of the Trade
Sponsored by the OSU Center for Clinical and Translational Science
- 2010-2011 **Grant Reviewer**
OSU Center for Clinical and Translational Science Pilot Award Program
- 2010 – 2013 **Committee Member**
Lead. Serve. Inspire. OSU Medical School Curriculum Development Committee
Social and Behavioral Sciences Task Force Representative
Surgical & Reproductive Health Committee Member

May 2010	Faculty Judge Richard J. & Martha D. Denman Undergraduate Research Forum
February 2010	Faculty Evaluator Maximus Scholarship Competition
2010 – 2011	Committee Member Center for Clinical and Translational Science Mentorship Workgroup
November 2009	Graduate Faculty Representative Dissertation Defense Jennifer Stewart, Business Administration
May 2009	Faculty Judge Richard J. & Martha D. Denman Undergraduate Research Forum
April 2009	Team member OSUMC March for Babies Team (March of Dimes)

Department/Institute

2018 – 2022	Departmental Liaison FAME's Women in Medicine and Science (WIMS) The Ohio State University College of Medicine
