

Section 4: Academic Calendar

The Ohio State University College of Medicine is part of the Ohio State University, and as such, is subject to the rules, regulations, and policies maintained by the OSU Main Campus.

Enrollment for each semester of study at the College of Medicine occurs through the Main Campus BuckeyeLink System (<https://buckeyelink.osu.edu/>). Additional information related to enrollment, records, and administrative functions of the Main Campus relevant to medical student enrollment and records (e.g., tuition and fees, student data, name changes) can be found on the website for the OSU Registrar (<https://registrar.osu.edu/>).

The number, timing, and duration of semesters at the College of Medicine are distinct from those of other colleges that comprise OSU – thus, for specific information related to deadlines for enrollment and financial aid, College of Medicine students must follow instructions and timelines communicated through email by the College of Medicine Administration for each academic semester.

The College of Medicine abides by all federal holidays, in tandem with the Main Campus.

Each component of the LSI Curriculum (Part 1, Part 2, and Part 3) maintains a detailed and instructive academic calendar that students and instructors may access via the VITALS learning management system (www.vitals.osumc.edu).
