Recommended Curriculum

In addition to the BSGP core curriculum, 10 Immunology credit hours (a to c) and a seminar presentation (d) are required to receive an Immunology transcript designation.

a-Students must complete the following course:

b-Students must complete one elective course from the following list:

PATHOL 7847 Cellular Mechanisms and Pathogenesis of Inflammation (2 credits/SPR) (INSTR: Traci Wilgus). Inflammatory processes in the human host due to interaction with viruses, bacteria, parasites, foreign antigens, or physical trauma and new immunological therapeutic strategies being developed. Prereq: MVIMG 701 or Microbiol 701, or permission of instructor.

CBG 8010 Selected Topics in Advanced Immunology (3 credits/every other AU). (Instructor: Dr. Anjali Mishra AU 2018/2020/2022) Students will gain significant insight into immunological concepts of infectious diseases, transplant, cancer, mucosal immunity, allergy and autoimmunity. Two or three topics discussed in depth, topics alternate yearly. Prereq: 7010.

c-Students must complete a total of 4 credit hours, or 5 credit hours if PATHOL7847 was selected in (b), of Immunology Seminars and Journal Clubs including at least one Immunology seminar and one immunology journal club. The courses from which to choose are:

Seminars

PATHOL 8850 Seminars in Pathology. (1 credit, AU&SP) (Instructor: Rolf Barth). Prominent External and Ohio State Faculty seminars in immunopathology on Tuesdays 12-1 pm at Prior Health Sciences Library 400. Repeatable to a maximum of 14 cr hrs. This course is graded S/U.

BSGP 7950 Host-Pathogen Interactions: Research Seminar. (Instructor: Matthew Anderson
AU/Spr) Faculty, students and outside speakers will give research presentations on microbial-host interactions.

**MVIMG 7931 Research in Molecular Virology, Immunology and Medical Genetics (1 credit, SP of odd years)** (Admin contact: Colette Tornik) Student Seminar in Molecular Virology, Immunology and Medical Genetics. Student and post-doctoral presentations of research.

**Journal Clubs**

**BSGP 7890 Immunological Research of Pediatric Diseases (1 credit/usually Spring, check with Instructor)** (Instructor Dr. Mark Peeples). Trainees will prepare and give presentations on current research on immunological mechanisms of pediatric diseases. Prereq: Enrollment in BSGP, and permission of instructor. Repeatable to a maximum of 2 cr hrs.

**HTHRHSC 7595 Translational Neuroimmunology (1 credit, AU&SP)** (Instructor: Mireia Guerau) (Students develop skills in teaching, analyzing, discussing, synthesizing and presenting research in NeuroImmunology).

**BSGP 7900 Cancer Immunology: Critical Journal Readings (1 credit/AU)** (Instructor: Dr. Xue-Feng Bai). Faculty, students and postdoctoral fellows will give critical interpretations of research and journal readings on cancer immunology.

d-Students must present the findings of their original research during their last year in one of the following courses designed for student presentations (registration is not required):

**BSGP 7972 Cancer Immunology: Research Seminar Presentation** (Instructors: Dr. Joanna Groden AU/SP/SUM). Faculty, students and postdoctoral fellows will give research presentations on cancer immunology.

**HTHRHSC 7595 Translational Neuroimmunology (1 credit, AU&SP)** (Instructor: Mireia Guerau) (Students develop skills in teaching, analyzing, discussing, synthesizing and presenting research in NeuroImmunology).

**BSGP 7950 Host-Pathogen Interactions: Research Seminar** (Instructor: Dr. Matthew Anderson AU/Spr) Faculty, students and outside speakers will give research presentations on microbial-host interactions.
(Note on how to check if course is being offered on a particular semester). To check, click on Schedule of Classes in link (https://registrar.osu.edu/courses/). Then fill in the semester, the location, the subject (BSGP: Biomedical Sciences Graduate Program, CBG: Cellular Biology and Genetics, PATHOL: Pathology, HTHRHSC: Health and Rehabilitation Sciences,...) and the course number. We have also included the Instructors name so that you can contact them ahead of time to express interest in a course/additionally enquire about when it will be offered.
