*New or Updated Items Marked With Asterisk
*Student Help Needed for March Recruitment*

We are still looking for three women to help out with our March Interview Session on Friday the 2nd. The commitment is from 2-2:45 as a Student Escort and 5:30-8:30 as a Friday Night Dinner Host (dinner will be provided!). Please send a message to BSGP@osumc.edu if you are able to help, and thank you in advance!

OSU TEC Lab

TEC Lab provides an opportunity for STEMM graduate students (and postdocs) to explore a career in technology entrepreneurship before taking the plunge. Training in communication skills and business principles help prepare students for a range of careers. TEC Lab participants will learn and practice how to communicate the value of their research and their value as researchers to business-focused and non-academic audiences.

For more information, see the attached flyer.

Action Required: Responsible Conduct of Research Training

As noted in the Provost’s recent email communication, OSU is now requiring that all faculty, staff and students eligible to conduct research at the university be trained in the Responsible Conduct of Research (RCR). As a "research eligible" individual, you are required to complete the RCR training by the end of the academic year in June 2018. The course is available online through the Collaborative Institutional Training Institute (CITI). Please note that this requirement is in addition to any other RCR training that you may have taken to date.

Many of you are already skilled in these areas and can demonstrate that competency by proceeding directly to the testing component of the module. For more information about the training, please see the RCR FAQs.

Access the CITI RCR Course

I-Corps@Ohio Grant Opportunity

Deadline: January 18th

I-Corps@Ohio is a grant program to help faculty, staff, postdocs, and graduate students launch startup companies. Grants are $15k and provide funding to participate in the seven-week summer program.

For more information, click here. Contact: Nikki Modlich, Program Manager

Attention Students: Updated Current Lab Rotation Sheet

Please see the updated & attached spreadsheet for a list of the 34 faculty members looking for first year graduate students to rotate in their labs.

Course Offerings

Cold Spring Harbor- Mouse Development Stem Cells and Cancer

Please see the attached flyer for more information on a course being offered through Cold Spring Harbor Laboratory.

Any questions can be directed to Co-Instructor Tamara Caspary

Research Methods/Research Design Course

BSGP 8800.04 "Cancer Biology and Therapeutics"
Lecture Section 0010 (35878)
The class meets every Tuesday from 2-4pm, with the first day being January 30th and going through May 1st.
Important Deadlines and Dates

Graduation Deadlines Calendar

The Graduate School recently created a calendar regarding current and future deadlines for graduation. That calendar can be found here. You may also find graduation deadlines outlined in this user-friendly document.

The Graduate School also cleaned up the Final Semester Procedures page which can be found here.

We hope you find this information useful!

Fellowships

Careers in Immunology Fellowship Program

American Association of Immunologists
Due March 15, 2018
The AAI Careers in Immunology Fellowship Program supports the career development of young scientists by providing eligible PIs with one year of salary support for a trainee in their labs. View Webpage

Presidential Management Fellowship

The Presidential Management Fellows (PMF) Program is administered by the U.S. Office of Personnel Management (OPM). Each year, candidates apply to the program in efforts to be selected as Finalists. Finalists are then eligible for appointment as Presidential Management Fellows (Fellows; PMFs).

To become a PMF, you must participate in an rigorous, multi-hurdle process. It takes patience and endurance, but also gives you a chance to demonstrate your leadership ability and potential. As a PMF, you will have earned your place in the program, and the opportunity to grow professionally, serve your country, and make a difference!

The very first step in successfully becoming a PMF is paying attention to the details of the annual application and assessment process. For detailed eligibility requirements, check out the Eligibility webpage. Once the application period opens, it will appear on USAJOBS (www.usajobs.gov). The application is typically open for two weeks and closes at 11:59 PM (Eastern Standard Time) on the last day. Review the Application Process to learn about all the steps to apply.

Post-Doc Opportunities

National Cancer Institute’s Graduate Student Recruiting Program

The National Cancer Institute (NCI) is committed to fostering a diverse community of scientists and expanding the representation among its trainees. The Graduate Student Recruiting Program is a competitive program that aims to facilitate senior graduate students obtaining postdoc positions at NCI. The top 25 applicants are invited to NCI, and over the course of three days the attendees will learn about research programs and training opportunities, present their work at poster sessions, and interview with principal investigators (scheduled prior to arriving at the NIH). In order to be eligible, the student must be enrolled in a Ph.D. program in the United States and on schedule to complete their PhD requirements by December 1, 2018. The GSRP is open to U.S. citizens and foreign nationals. Please visit here for more information about the program. The application site can be found at: https://nci-gsrp.cancer.gov/.

If you have additional questions, please feel free to contact the GSRP.
Coordinator at ncigsrp@mail.nih.gov.

Post-Doctoral Position- Vascular Biochemistry

Title: Postdoctoral Researcher
Contact Email: Lianwang.guo@osumc.edu

For more information, including the job description, please see the attached flyer.

NCI Graduate Student Recruiting Program

The attached handout has information regarding post-doctoral fellowships within the NCI. In addition, a recruiting event is being held May 2-3.

Other News and Events

*BeHEARD Challenge 2017/2018

The 2017/2018 BeHEARD (Helping Empower and Accelerate Research Discoveries) Challenge is hosted by the Rare Genomics Institute and is open globally to researchers, foundations, or anyone whose research is constrained due to limited resources.

This year, there are over $500,000 of technologies available for researchers, as well as a $100,000 cash grant for the study of a specific rare disease.

Research proposals are evaluated based on the technology’s fit with the research and the potential for the research to advance rare disease treatments. The application is short (~2 pages) and very straightforward.

For information on the competition and the application, please visit the website: http://www.raregenomics.org/beheard-competition/. The deadline for applications is January 31, 2018.

15th Annual Russell Klein Nutrition Research Symposium

Please see the attached flyer for information regarding the 2018 RKS.

L’Oreal USA For Women in Science

The L’Oreal USA For Women in Science Fellowship Program awards five women postdoctoral scientists with grants of $60,000 each for their contributions in Science, Technology, Engineering and Math (STEM) fields and commitment to serving as role models for younger generations. The program is the U.S. component of the L’Oreal-UNESCO For Women in Science International Fellowships program,

For more information, see the attached flyer.

Register for the Community Engagement Conference

This January 24-25, The Ohio State University will host the inaugural Community Engagement Conference. Featuring keynote speaker, former Secretary of Health and Human Services, Dr. Donna Shalala, the conference will bring together faculty, staff, students and community members around a common theme: "Partnering to Advance Health and Wellness."

Click here for more information on registering.

Fall Nutrition Seminars

Fall 2017 OSU Nutrition Program Seminar Series
Seminars are on Fridays 11.30 AM - 12.30 PM in Ag Admin 246 and 122
Gerlaugh Hall. For inquiries, contact Dr. Shelia Jacobi (Jacobi.1@osu.edu) or Dr. Tonya Orchard (orchard.6@osu.edu)

Click here for more information.

Need Help? CCS is here for you!
COUNSELING AND CONSULTATION SERVICE

WHO WE ARE
We promote personal well-being and the academic success of students by providing comprehensive mental health services.

Comprehensive Services Include:
- Individual Counseling
- Group Counseling
- Psychiatry
- Couple’s Counseling
- Outreach and Workshops
- Crisis Support and Debriefing
- Consultation for Faculty, Staff and Loved Ones
- Community Referral

We’re Here To Help With:
- Stress Management
- Life Transitions
- Academic Concerns
- Identity Exploration
- Relationship Problems
- Substance Use
- Eating Concerns
- Anxiety
- Depression
- And Much More
