**Annual Flu Shot Compliance**

All faculty and staff must comply with the seasonal flu vaccine policy each year **by Saturday, Dec. 1**. Compliance with the seasonal flu policy is nondiscretionary and applies to faculty, staff and paid students of The Ohio State Wexner Medical Center, including The Ohio State University Comprehensive Cancer Center - Arthur G. James Cancer Hospital and Richard J. Solove Research Institute and the College of Medicine and Health Sciences.

**Flu vaccinations** will be available starting Thursday, Sept. 20 through Thursday, Nov. 27. [Read more information](#) about dates/locations/times.

As a faculty or staff member, you have the following flu vaccine options:

- Get vaccinated at an [Ohio State Wexner Medical Center flu shot blitz](#), by your unit’s ambassador or at University Health Services (201 McCampbell) during regular business hours. This is the easiest and quickest way to become compliant because no documentation is required.
- Get vaccinated with your provider or at another location. Even if you have an Ohio State provider, you must take the [Influenza Vaccination Documentation/Exemption Form](#) for your provider to complete and return it by Thursday, Nov. 15. In addition to the form, you must also provide your receipt as proof of vaccination.
- Claim a medical or other exemption. Complete and return the [Influenza Vaccination Documentation/Exemption Form](#) and this year’s influenza CBL by Saturday, Dec. 1 to be in compliance. See step-by-step instructions for being in compliance when you claim [medical exemption](#) or [other exemption](#).

Once you have completed your annual requirements, please make sure to check your compliance status online by logging onto your [Employee Compliance site](#). Noncompliance beyond the deadline will result in corrective action and loss of computer access.

**New online sexual misconduct prevention education for students**

Our first priority is promoting a safe and healthy campus for all members of our community. To advance a culture of respect and care for others, the university is launching mandatory online sexual misconduct prevention education for all faculty, staff and students. Students will receive an email with
BSGP Authorship Guidelines

Publication guidelines for OSU (attached here) cover whether an individual should be included as an author for a manuscript. The BSGP graduate faculty recently adopted general guidelines about authorship; these guidelines are intended to be general and may not cover every specific situation. These guidelines are included in the BSGP Handbook as Appendix R.

Course Offerings

**ANIMSCI/Kinesio 7730 Endocrinology**

Offered Spring 2019  
**Mondays and Wednesdays 3:00-5:05 pm**  
116 Kottman Hall

Prereq: Biochem 4511 or permission of instructor

Students will learn from various OSU experts from the Departments of Animal Sciences and Human Sciences

Topics to be covered:
- Endocrine principles
- Hormone Receptors
- Signal transduction
- Hypothalamus
- Pituitary
- Thyroid
- Parathyroid
- Adrenal
- Gastrointestinal and pancreatic hormones
- Adipose tissue
- Reproductive endocrinology

For more information or permission to enroll contact: **Dr. Joseph Ottobre**  
688-2144

**BSGP 7972**

Attention Senior Students: BSGP 7972 will be offered in Spring and Autumn semesters, NOT Summer – please plan ahead.

Fellowships

Post-Doc Opportunities

Other News and Events

EPA Graduate Research Internship
Students will be involved in exciting projects that involve interpretation of large gene expression data sets encompassing profiles from thousands of chemicals using novel approaches that allow establishing linkages between chemical exposure, modulation of transcription factors, and adverse outcomes.

Students will gain experience in a government lab solving problems in environmental health, learn to utilize the data in the world’s largest database of genomic data (Illumina’s BaseSpace Correlation Engine), and gain experience in carrying out and validating Crispr-Cas9 knockouts in human cell lines. Students will co-author papers with Dr. Corton and his team.

Students are encouraged to contact Dr. Chris Corton directly to discuss this opportunity
