I. Opening
A. Approval of 12-20-10 and 02-21-11 Minutes:

Minutes approved.

II. Business
A. Medical student hand washing policy.

Dr. Kapoor and Dr. Liston presented two drafts of a policy for the consequences of non-compliance regarding medical student hand hygiene. Possible consequences for the first through fourth occurrence were presented and discussed.

Dr. Kapoor and Dr. Liston will revise policy draft and return for further discussion and approval.

B. OSU COM Clinical Curriculum Survey.

Dr. Ledford presented the OSU COM Clinical Curriculum Survey results. Results showed that 85% of students felt prepared with 92% overall satisfaction. Also, overall clerkship quality has steadily improved. Concerns identified included teaching time with attending faculty and faculty observed H&P rates.

Results of both surveys will be presented to the Clerkship Directors for further discussion and planning for action to address these items.

C. AAMC Graduation Questionnaire.

There was a 75% return rate. Concerns to be addressed by the Med 3-4 Committee include low rating by students of opportunities to learn about costs of care as compared to benefit to patient and reports by students of mistreatment.

ACTIONS / FOLLOW-UP

Dr. Kapoor and Dr. Liston will revise policy draft and return for further discussion and approval.
